

Existing Fields Renamed and New Fields Added

On September 29, 2011, ARMLS made changes to *Community Features*, *Parking Features* and *New Financing*. We renamed an existing selection and added new selections for *Residential* listings.

Renamed *New Financing*:

Farm Home	To	<i>Farm Home/USDA</i>
-----------	----	-----------------------

Added:

Fannie Mae (HomePath)	To	<i>New Financing</i>
Hangar	To	<i>Parking Features</i>
Runway Access	To	<i>Community Features</i>

Note...

These changes do **NOT** affect listings and saved searches, so there is no required action on your part unless you desire to use one of the new fields in an existing listing or saved search.
