

Additional Options added to HOA and HOA2 fields

On November 8, 2011, ARMLS® added two additional options to Residential Class A, HOA and HOA2. HOA Property Manager Company Name and HOA Property Manager Company Telephone Number have been added.

The fields are not required at this time; however they will be in the near future. Therefore, to avoid the task of having to return and populate these fields later, we recommend completing them upon entry of the listing.
